South Fork of the Shenandoah River

Bentonville to Front Royal - 16 Miles

DOWNSTREAM

Bentonville Low Water Bridge - Landing on left side. *Be cautious around low water bridges. Never pull canoe against bridge.* (Public Landing)

28 - 28.5 Low Water Bridge Campground - Campground on left (shaded area). Fee, water, flush toilets, showers, picnic tables, grills. No camping on river left below # 28.5.

31 Rapids just ahead. Stay in middle. Class I.

32 Shenandoah River State Park.

34 - 36 McCoys Ford - shallow and wide for two miles. Small rapid past #36.

37 Karo Rapids - just ahead on left. **Caution** - wear your life vest! See diagram "A" to determine route through rapid. To avoid, stay right. Class II. **Karo Landing** on right before rapid. In high water, take out and put in up creek. In low water, take out and put in on river bank across creek. See diagram. (Public Landing).

39 - 40 Kings Eddy - very deep and slow. **Front Royal Canoe Co. Landing** on right. For those that end here, leave canoes and boats on landing. Bring paddles, vests, tubes and personal belongings through tunnel and up hill to the office. See diagram "B." (Private Landing).

42 Rapid just ahead. Three (3) chutes. Class I.

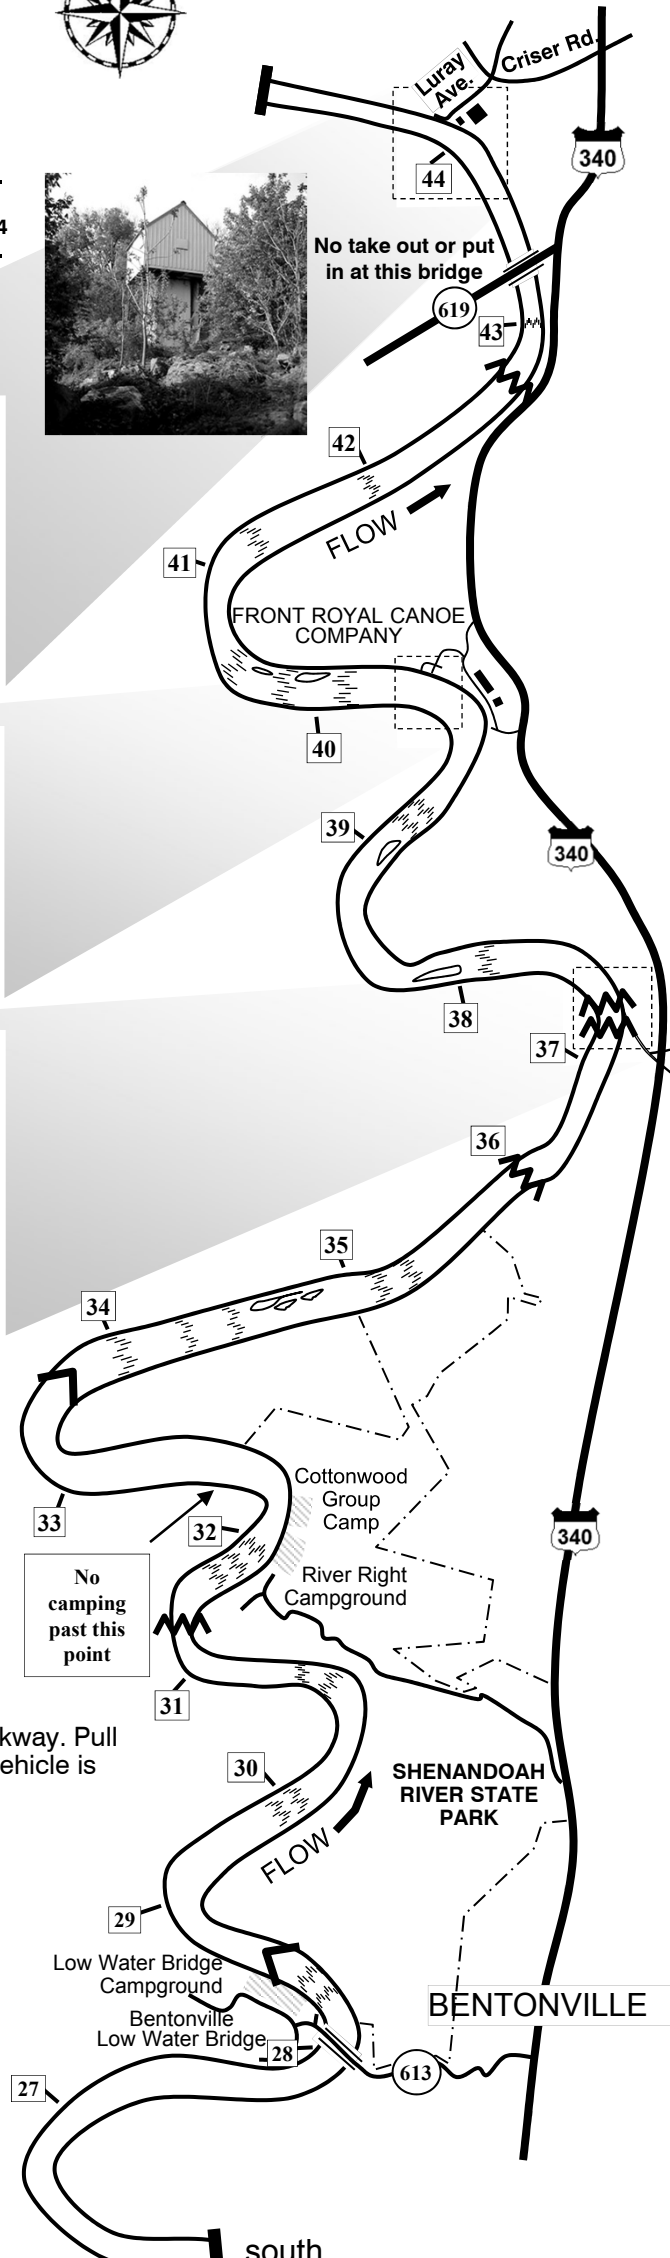

43 Rt. 619 Bridge - no take out or put in. High bridge. This is the *only* bridge you will see north of Bentonville.

44 Front Royal Landing on right. Take out next to cement walkway. Pull canoes up on shore and get gear ready for shuttle. If no shuttle vehicle is there, please wait with canoes until shuttle arrives. No pick ups downstream. See diagram "C." (Public Landing).
